

FactWise

Comprehensive quoting, sourcing and procurement solution

Introduction Document for Sahasra Electronics

August 8th, 2025

CONFIDENTIAL AND PROPRIETARY

Any use of this material without specific permission of Fact Wise Tech Inc. (FactWise) is strictly prohibited

What if your profits
increased by 3%?

We address the biggest pain points for turnkey EMS/EDM solution providers

Pain points for leaders

"Impossible to track material costs accurately"

"Implementation time is between 6 months to a year"

"No item/ vendor data available to make strategic decisions"

"Customization costs are more than the software sometimes and take 6+ months to deploy"

Pain points for users

"Difficult to manage BOMs and sub-BOMs, especially with alternates"

"Enormous time spent creating RfQs and tracking items"

"Painful effort to collect and follow-up with vendors"

"Difficult to analyze responses with multi-currencies and complicated landed cost calculations"

A large blue triangle pointing to the right, positioned on the left side of the slide.

About FactWise

Introducing FactWise

FactWise is a complete **end-to-end quoting, sourcing and procurement solution for EMS companies** that modernizes and simplifies the interaction between suppliers and internal stakeholders while integrating into the ERP and accounting systems

FactWise is made for the EMS industry

Ensure maximum profitability by auto-calculating landed cost (BCD, SWS, NRE, Clearance etc.) accurately

Create quotes automatically by automating the VA, NRE and Engineering costs per BOM

Manage complex BOMs by seamlessly managing alternate items and n-level sub-BOMs

Send requests to 50 vendors and 1000 items within a BOM with one click

Automatically send quote requests to authorized distributors, 90% of them are already on FactWise

End-to-end quoting, sourcing & procurement process for Turnkey EMS/EDM solutions managed by FactWise

What makes FactWise distinctive?

**Make better
decisions faster**

Distinctive analytics at every step (historical analytics, custom analytics, dynamic analytics, item analytics, vendor analytics, Rfx analytics etc.)

**Do everything,
efficiently**

Manage **tremendous complexity with ease** (1000+ items with 50+ vendors in one event, infinite sub-boms with alternate items, combining multiple requisitions, end to end lifecycle tracking etc.)

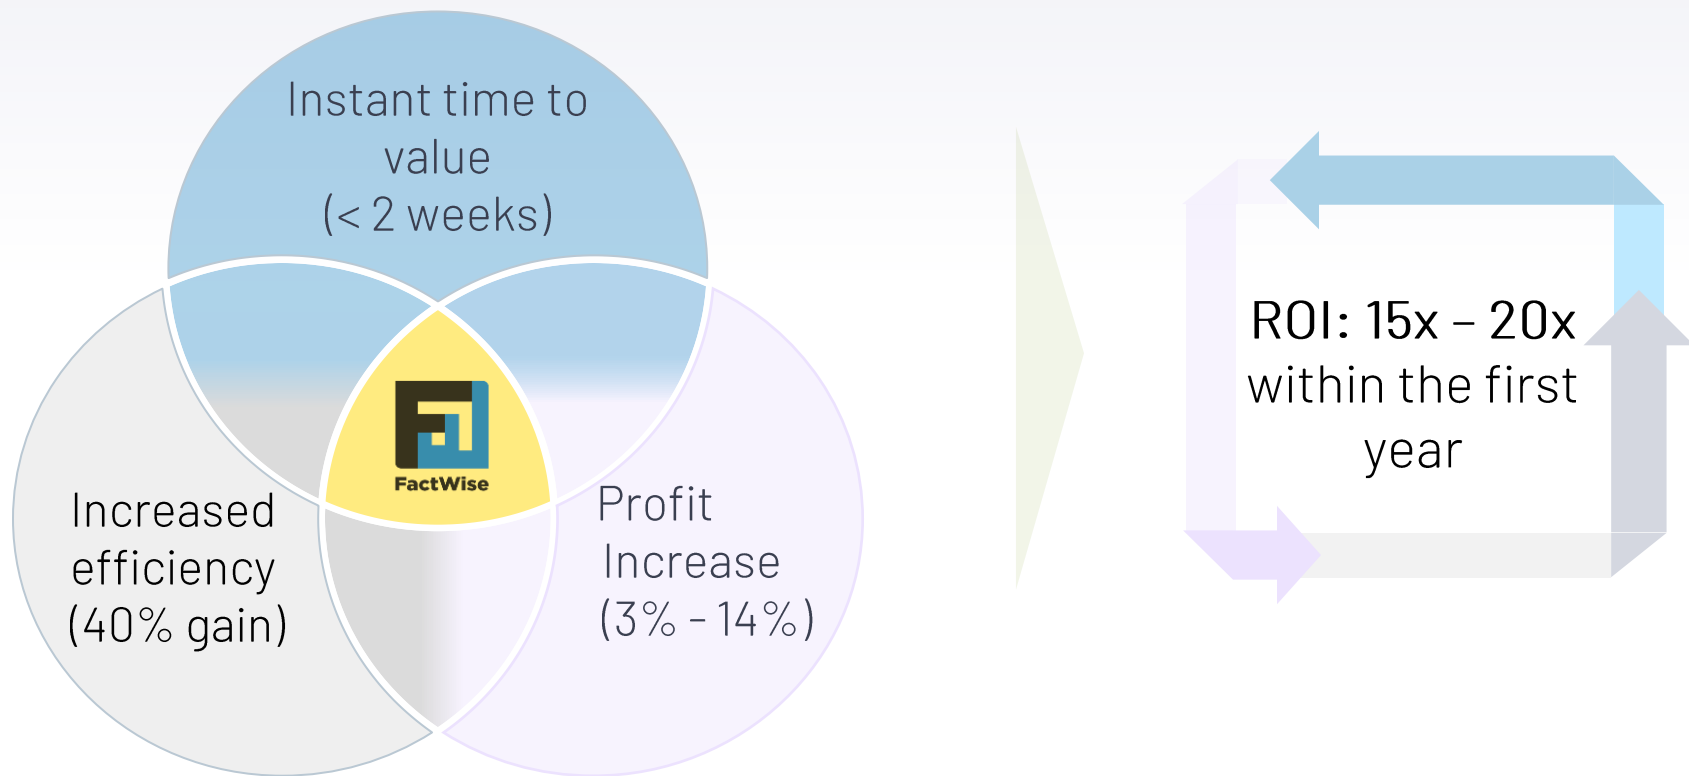

**Even you can
do it**

Completely **self customizable features with no code architecture** (custom formulas, custom analytics, custom approval hierarchies, custom forms, custom workflows)

FactWise resolves all major turnkey EMS/EDM solution providers pain points

- 1 **RfQ at Scale:** Send a BOM with 1000+ items with 50+ vendors with 1 click
- 2 **No more "options" headaches:** Handle alternates for items (MPNs) within BOMs seamlessly
- 3 **No more vendor calls:** Automated & customizable follow up with vendors
- 4 **Automated insights:** Find the cheapest price across all vendors for all items instantly
- 5 **Higher volume, lower prices:** Aggregate items across multiple BOMs automatically to cheaper prices
- 6 **Remove guess-work:** Know your competitor's purchase price for the same item
- 7 **No more errors:** Customizable formula to auto-calculate landed costs
- 8 **Multi-currencies solved:** Vendors can quote in multiple different currencies, but analysis can be performed in a standardized single currency of choice with customizable exchange rates

FactWise provides 3 main benefits leading to 15x – 20x ROI within the first year

Using Factwise, a modest 5% - 10% savings on spend, and 1% - 5% increase in revenue is easily achievable increasing profits by up to 14% annually

Profit
Increase
(3% - 14%)

Top line revenue: ₹1000 Cr

Avg. increase in revenue due to	}	1% - 5%
i. Increased competitive vendor quotes:		
ii. Eliminated manual errors		
iii. Reduced delays		

Total increase in revenue: ₹10 Cr - ₹50 Cr

Direct materials spend: ₹500 Cr - ₹900 Cr

Conservative savings %: 5% - 10%

Total cost savings: ₹ 25 Cr - ₹ 90 Cr

Total profit increase: 3% - 14%

By providing insightful data at your fingertips and allowing users to aggregate spend and anchor prices, FactWise can help reduce spend up to 25%

Dynamic Analytics

Real time update on pricing data to make your bids smarter

01

02

Spend aggregation

Reduce spend by aggregating spend across events & users

Anchoring

Allow buyers to anchor sellers on pricing to drive best prices

03

FactWise has the best user adoption in the procurement industry

Increased
efficiency
(40% gain)

Use automation & AI to increase efficiency by 40%

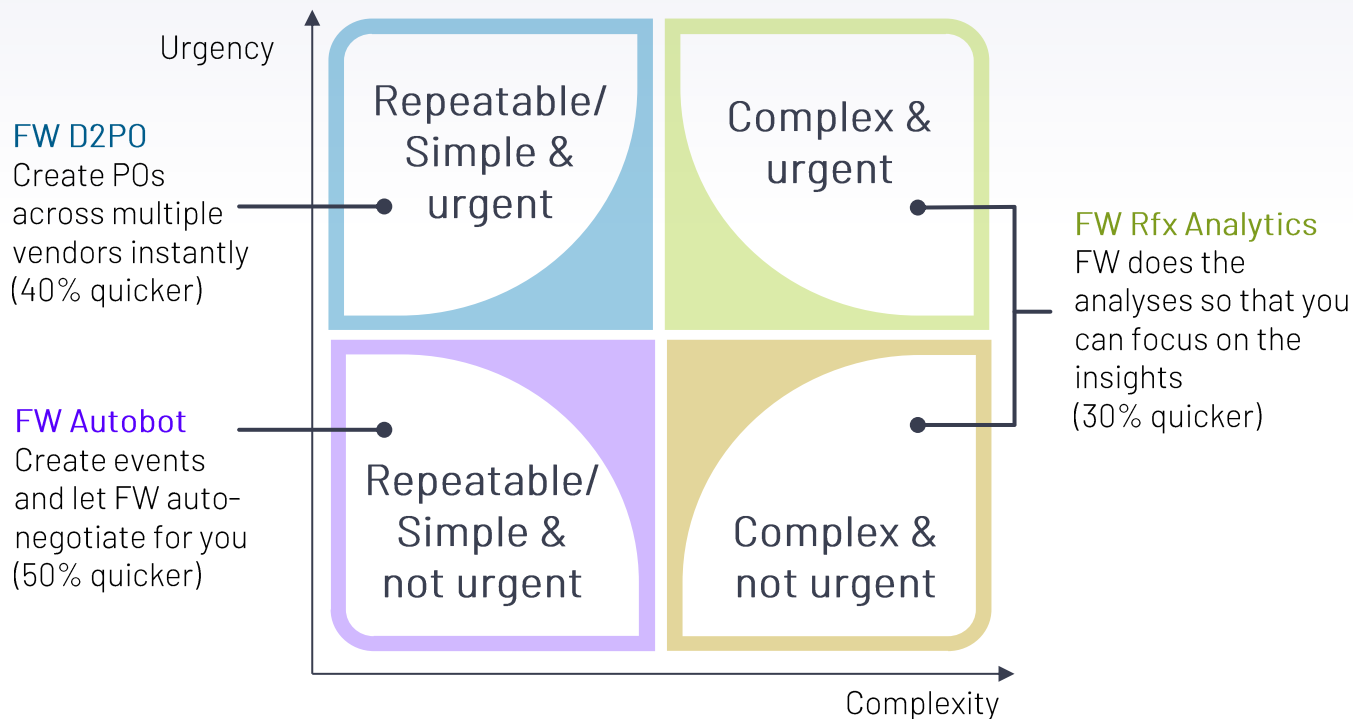

Simple, easy system built specifically for the users

Get relevant insights at the right time to make decision making simple

40% average increase in efficiency can be gained by leveraging automation and smart analytics

Automation: Some of the features we provide to increase efficiency

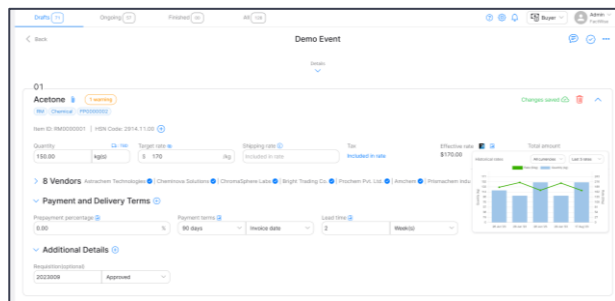

ChatWise

Leverage LLM on your own FactWise data

FW Assist

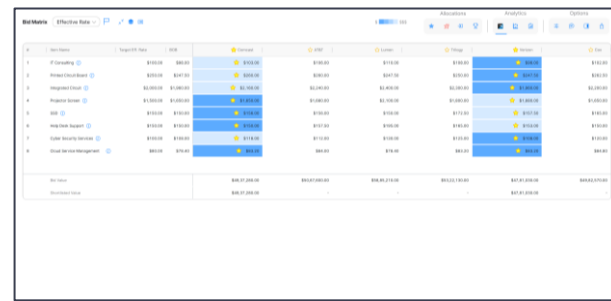

FactWise will auto-fill your RfQ requirements

The FW Assist interface shows a "Demo Event" form. It includes fields for "Quantity" (130.00), "Target rate" (170.00), "Shipping rate" (170.00), and "Tax" (170.00). It also displays a "Payment and Delivery Terms" section with a "Payment percentage" of 0.00, "Payment terms" of 90 days, and "Lead time" of 2 weeks. The form is auto-filled with data from the FactWise database.

FW Recommend

FactWise auto-selects the best vendors for you

The FW Recommend interface displays a table of vendor recommendations. The table has columns for "Item Name", "Vendor", "Price", "Lead Time", "Quality", and "Service". It lists several vendors and their associated metrics.

Item Name	Vendor	Price	Lead Time	Quality	Service
1. F1000000	Vendor A	\$100.00	10 days	90%	5.0
2. F1000000	Vendor B	\$100.00	10 days	85%	4.5
3. F1000000	Vendor C	\$100.00	10 days	80%	4.0
4. F1000000	Vendor D	\$100.00	10 days	75%	3.5
5. F1000000	Vendor E	\$100.00	10 days	70%	3.0
6. F1000000	Vendor F	\$100.00	10 days	65%	2.5

Coming up: **FW Auto Negotiate**, **FW Auto Create**

FactWise enables organizations to begin saving in less than 2 weeks

Instant time
to value
(<2 weeks)

Begin using the platform from Day 1

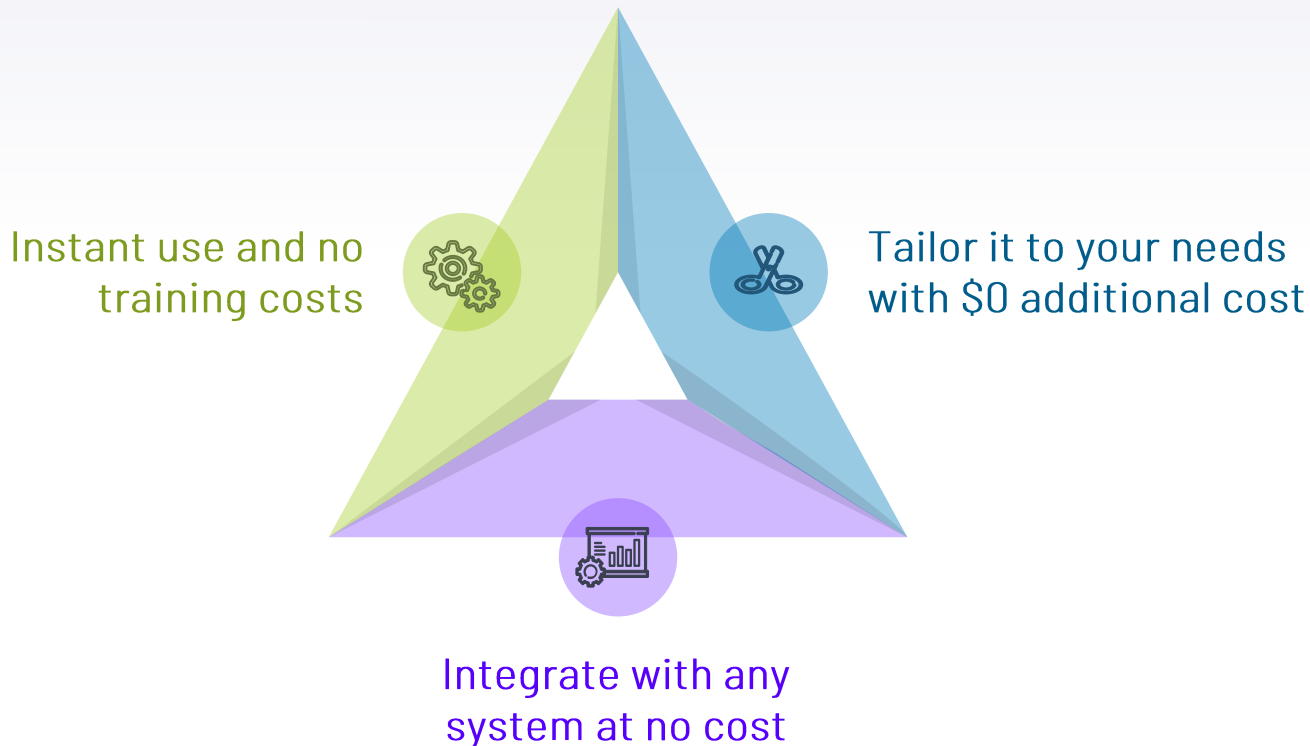

Integrate easily with other systems using
our open APIs

No admin setup required to create events
or POs

FactWise intuitive interface, template architecture, and open APIs allows for instant usage

We engage with clients that have some of the most complex procurement requirements globally

In addition, we work with 2 Fortune 50 companies and one of the largest tyre manufacturers in the world

Quotes from some of our clients

Comprehensive

The Factwise app is a great consolidation of features that provides the ability to send RFX's, assess pricing, allocation, PO & AP processing, etc. all in one app. Its an extremely efficient way to manage the materials buying process all under one application.

VP of Procurement
at Fortune 50
company

Customer first approach

Factwise has significantly improved procurement digitalization and automated quotation processes, enabling faster workflows, enhanced transparency, and data-driven decision-making @Syrma SGS. We like the platform's efficiency, seamless integration, and actionable insights, while suggesting enhancements like industry-specific solutions and advanced analytics. The solutions team is always listening to the voice of the customer and adapting the solution to serve their needs. With plans to expand into sales funnel tracking, Factwise is well-positioned to deliver comprehensive business solutions by integrating procurement, sales, and monitoring capabilities..

Kapil Maini
Chief Procurement Officer
Syrma SGS

Flexible

Factwise streamlines sourcing processes by automating non-value-adding activities, boosting efficiency and productivity. Their customizable GUI and dashboards empower users with tailored insights for smarter decision-making.

Sunil Kumar Injeti
Vice President
Syrma SGS

Additional quotes from some of our clients

End-user focus

FactWise has done a great job at understanding the users. The thoughtfulness in the way it is created is impressive. Even the smallest details have been thought off to make sure the user experience is excellent. Our user adoption and attention to detail are the primary reasons for FactWise's success at our company

Sr. Director of
Procurement at
Fortune 50 company

Game-changing analytics

FactWise streamlined our quoting process, replacing manual tasks with efficient vendor and client interactions. Customizable and adaptable, it tailored to our complex workflow perfectly. Analytics stole the spotlight, offering diverse views for nuanced decision-making. FactWise harnessed transactional data, creating potent historical analytics for enhanced client value. Beyond tools, their attentive team unlocked the product's potential, ensuring personalized support.

Avaneesh Krishna
Enterprise IT Strategies
BPT

Easy to customize

FactWise has enabled us to make data driven decisions in procurement. This has increased the efficiency and compliance in the team and more importantly led to cost savings which is extremely important in our industry. Their standout analytics throughout the platform and the ability to easily customize the requirements based on our needs are absolutely nothing that we have seen before.

Pankil Dharra
Co-owner
Prasol

Even more quotes from some of our clients

Automation

FactWise excels in analytics-- their AI innovation transforms analysis into a user-friendly experience. Breaking free from old formats, we've minimized Excel dependency, witnessing a data-driven revolution that elevates our operations and business decisions. The proactive, attentive team ensures seamless implementation—a standout feature in this limitless solution.

Kinjal Shah
CEO
Gem Corp

Integrated Efficiency

Amkette sought an automated solution for their complex sourcing operation, focusing on procurement and vendor analytics. Initially designed for manufacturing, Factwise adapted swiftly, engaging Amkette's vendors. The platform's ongoing customization, including a built-in chat system, eased China communication challenges. Amkette aims to fully integrate Factwise into their operations this year.

Varun Bapna
Co-owner
Amkette

User Experience

Our manufacturing company uses the traditional standard ERP system. With Factwise integrating with our ERP, our purchasing has become informed, organized, and effortless. The intuitive and sleek UI was a standout feature. Factwise has been a game-changing addition for us.

Vivek Mehta
CEO
Driplex

Our excellent customer service perfectly complements our excellent EMS platform

Initial setup support

- In-person numerous buyer trainings
- Several vendor training for onboarding sessions
- Integration support to ERP provider
- Open API instant connection

On going support

- Integrated app with help and support that has videos, step by step guide, and FAQs
- Buyer re-training on request
- Ongoing vendor training
- 1 on 1 buyer and vendor support
- Upgrades to ensure Sahasra continues the state-of-the-art software solution
- Auto scalable cloud infrastructure

Office Supplies Vendor Onboarding Documents

Before initiating sales, suppliers of office supplies must submit various certificates to the buyer to ensure compliance with quality and regulatory standards. These typically include ISO certifications for quality management, Material Safety Data Sheets (MSDS) for hazardous materials, and environmental compliance certificates for eco-friendly products. Additionally, certificates of origin may be required to verify manufacturing locations. These documents ensure the legitimacy, safety,
